

Inno-technique Cosmetic Acupuncture & Thread-Embedding Technique Workshop

端雅顏.微針醫美及埋線 美顏講座

Speaker: **Dr. In Ho Jung** 鄭仁鎬 院長

Date: August 15-16, 2015

Venue: Element by Westin Hotel Metrotown
5988 Willingdon Ave.,
Burnaby, BC V5H 2A7, Canada

WORKSHOP CONTENT (taught in Korean with Mandarin interpretation)

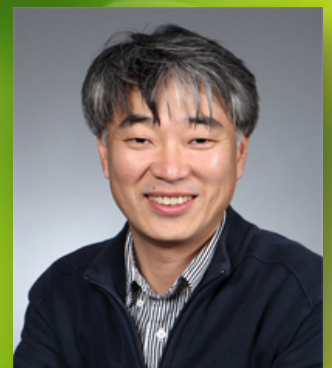

This two-day workshop will present two popular cosmetic applications of acupuncture in Asia: the Inno-technic Cosmetic Acupuncture and Thread-Embedding Technique (Mae-sun). Topics include: the history and theory of cosmetic acupuncture, facial anatomy, facelift principles and methods, introduction to the technique of thread-embedding, precautions, clinical applications and case studies.

Developed by the renowned Korean Han medicine practitioner, Dr. In Ho Jung, Inno-Technic Cosmetic Acupuncture works by stimulating cells and collagen regeneration in the dermis, and promoting qi and blood flow in the target area. Thread-Embedding Technique, on the other hand, might be considered as the “natural Botox.” Both techniques are now widely used for facelift, wrinkle reduction, skin rejuvenation as well as facial paralysis correction.

ABOUT THE SPEAKER

Dr. In Ho Jung graduated from Woosuk University, South Korea with a graduate degree in Korean (Han) Medicine in 2003 and has been practicing since then.

Dr. Jung specializes in facial cosmetic acupuncture. He is now the chief executive director of 15 aesthetic Korean medicine chain clinics in South Korea. He is also a Board member of Korean Medicine Physician Association of Seoul. Dr. Jung's seminars on cosmetic acupuncture are highly sought after in Asia, North America, and Europe.
